RE: New Bids – Effective Sunday, March 22, 2015

The new FT and PT shifts will be effective Sunday, March 22, 2015.

The FT and PT bid will be effective till approximately June 21, 2015 unless otherwise determined by flight schedules.

Please be advised of the following:

- **“D/L” lines: Should anyone bid these lines and do not have a “D” license in hand will have 30 days from the time that the lines are awarded to obtain the license. If the license is not obtained within the 30 days then that individual will vacate that line and go to the bottom of the relief pool according to seniority.**
- **On the PT bid, there are lines that are marked as changeable; these lines can be changed if needed. Hours will be changed first prior to changing days off.**
- **Lead lines: any lead that bid and held a lead line in the last winter bid and did not bid one in the last bid is penalized and unable to bid a lead line for this bid as per the C.B.A. article 17.09.**

- **Relief lines: will be built for 4 weeks at a time. Should some changes or additions come up after this relief bid, shift times may be adjusted. Spare relief will be built 1 week at a time and will be bid on Thursdays.**
