RLP E Modules

April 14, 2015

Dear Brother and Sisters,

Just a reminder that there is a CATSA requirement as part of maintaining Screening Officer certification that Screening Officers are required to complete and pass RLP E Modules.

Please ensure you are aware of the deadline of June 15, 2015 for the completion of the current module.

We have raised the issue with the employer that it is the employer's responsibility to schedule you during your working hours to complete the module.

You should not be completing the modules on your breaks or before or after your shift.

If you have not yet been provided time please ask your SDM or OM. If you have not been scheduled by May 15, 2015 please notify the training department.

Please guide yourself accordingly,

Chris Thompson

Chief Shop Steward
