

Young Workers' School at Camp Jubilee

The people I met there have become some of my closest union brothers and sisters, and the lessons we learned in those short 2 days have stuck with me.

Cody Crick, Unifor

Engaging with contagiously enthusiastic unionists my age convinced me to shift and focus my time and energy into the labour movement.

Maxx McKenzie, IATSE 891

Camp Jubilee was a great opportunity for me to learn about union history, the issues facing workers and young workers in particular, and to meet other young people.

Kari Michaels, BCGEU
