# ONTARIO WOMEN'S SUMMER SCHOOL

**JULY 10-15, 2016@PORT ELGIN**

## LABOUR EDUCATION MAKES OUR MOVEMENT STRONGER.

It builds solidarity and knowledge. It teaches the skills unions need to represent their members and defend their rights using proven methods that allow adults of all backgrounds to learn.

If your union wants to train the next generation of local activists or expand the skills that today's leaders and activists already have, the Ontario Regional Summer School is here to help your union succeed.

Unions know they need to reconnect with a new generation of working people – half of whom are women. They can do this by being better bargainers and better advocates for women at work, as well as better political activists for women everywhere.

The courses offered by the Ontario Women's Summer School can help your union do all of this – and more!
