Dear Brothers and Sisters:

Re: Vacation Bid and Separate Classification Seniority Lists.

The recent posting by the employer for the upcoming Vacation Bid is not a seniority list. It is intended to only show the respective vacation entitlements of all employees.

In accordance with Article 9.02 of the CBA in Vancouver **there are and remain two (2) separate Classification Seniority Lists as follows:**

- (1) Screening Officer Seniority List composed of employees in the Classification of Screening Officer.
- (2) Lead Screener Seniority List composed of employee in the Classification of Permanent Lead Screener.

There has been no merging or combing of the two Classification Seniority Lists.

The vacation bid days and times are currently being finalized and will be bid in seniority order by the respective separate Classifications.

Please ensure that when the Classification Seniority Lists are posted that you are aware of your bid day and time.

In Solidarity
