### **Airport Privatization**

Dear Sisters and Brothers,

As you may have heard the Federal Liberal Government is considering selling off Canadian airports and privatizing them.

The I.A.M. has started an online petition against this and will be seeking to Lobby M.P's across the country.

We will be putting together teams to lobby MP's within the greater Vancouver area.

Currently we are seeking the assistance of members who live within the current Federal ridings;

- Richmond Center
- Delta
- Vancouver South
- Vancouver Granville

As these are the M.P's we will be targeting. Any interested members within these ridings please email:

[eboard@iamaw16.ca](mailto:eboard@iamaw16.ca) as soon as possible.

In solidarity,
