COST OF LIVING ALLOWANCE – APPENDIX A

Dear Members:

A meeting was held with the employer pursuant to the provisions of Appendix B, and the Cost of Living Allowance (COLA) provided for in the Collective Agreement, to review the annual Consumer Price Index (CPI) in Vancouver, BC for the period ending June 30, 2022.

The agreement between the parties provides that should the Consumer Price Index for Vancouver, BC increase beyond 3.5%, in either year of the Collective Agreement, the wage rate increases in Appendix "A" will be adjusted to reflect the actual percentage (%) increase in the CPI and will be applied retroactive to July 1st. The maximum increase for 2022 was set at five percent (5%).

We are please to confirm that an adjustment to the Appendix A wage scale and the shift preparation premium payment, which is tied directly to the wage scale, will be made to include an additional 2% wage increase, retroactive to July 1, 2022.

The payroll team is working to make the adjustment on a go forward basis, and will provide us with additional details shortly, including details regarding the calculation and payment of the retroactive adjustments.

We will continue to keep you apprised of any developments in the process, once we are advised.

Thank you for your patience and support. Remember to always work safely.

In Solidarity,

Tania Canniff
