

International Association of Machinists and Aerospace Workers Local Lodge 16

Dear Members

November 28, 2022

Re: Next Day Overtime (NDOT) sign up cutoff Friday 16:00

The parties agreed in bargaining that " Employees wishing to be solicited for Regular Scheduled Day off overtime must indicate their availability in the sign up-book or by electronic means that are agreed between the Company and Union, and communicated in writing to employees, no later than 16:00 on the Friday preceding the start of the week being solicited as defined in Article 17.02"

The employer will send out a memo on the revised Next Day Overtime (NDOT) sign up and cut off process.

The revised sign-up process for NDOT will start the week of Sunday December 11, 2022.

You must be signed up by 16:00 Friday December 9 to be eligible for the week of Sunday December 11 to Saturday December 17.

In Solidarity,

Chris Thompson
Chief Shop Steward
