### IAM Veteran Service

Dear Members:

At the 2022 IAM Grand Lodge Convention in Las Vegas, NV, Veterans Committee met in effort to discuss current support mechanisms in place for our IAM members who are veterans, and what can be done to improve this service.

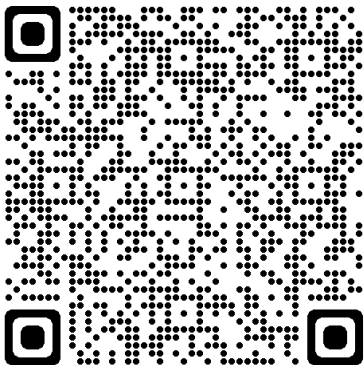

One of the several recommendations of this committee was the following:  
*Develop the services to include our Canadian veterans. While currently it is not possible, we will pursue a lobbying effort with their government to allow the IAM to service their veterans.*

Other objectives include developing a support system for Canadian Veterans in order to aid in transitioning from the military to a civilian career, inform veterans of all services available to them and to develop an online platform upon which to share all relevant information and develop relationships.

In an effort to reach these goals, the following was proposed:

1. This letter be communicated to all IAM members throughout Canada;
2. That the IAM Veterans form be made available to all members, active and retired, so that Canadian Veterans may complete and submit it;
3. Form a Canadian IAM Veterans Committee;
4. Veteran members become part of an online group in order to share information and support one another.
