COLLECTIVE BARGAINING UPDATE

Dear Members:

Your Negotiations Committee met internally on September 12, 13, 19 & 20, 2024 to review the bargaining survey results, develop our bargaining agenda, and prepare proposals based on the priorities set by the membership.

First and foremost, your Negotiations Committee wants to extend our sincere thanks and appreciation for your participation in the bargaining survey. The level of participation was tremendous, and your responses and comments were thoughtful and welcomed.

The most important issues identified as priorities by the membership were Wages and Respect, Benefits and Pension! Your Negotiations Committee worked diligently to develop a bargaining agenda based upon the priorities set by the membership, in these critically important areas.

Your Committee will strive for an agreement that delivers the right protections on the job, fair wages, benefits and job security. We are all in this together, and our strength at the bargaining table is dependent on membership support.

We are scheduled to meet with PASS on October 7, 8 & 9, 2024 to commence direct bargaining.

We want to remind you that the Collective Agreement continues to be in full force and effect and that during this time you are obliged to work under the conditions of the present Collective Agreement and should at all times comply with screening procedures and follow the CATSA issued SOP's.

Your Negotiations Committee thanks you for your continued support, patience and solidarity and commends you for your continued professionalism in preserving the safety and security of the public.

We will keep you apprised of any developments in the process.

In solidarity,

Tania Canniff
